

CALLS HEAD OF
SERVICE UNFIT

Louis W. Hill Attacks Reclamation Official.

INVITES SUIT FOR LIBEL

Great Northern Railway Man Declares F. H. Newell, in Charge of Reclamation Work, is Guilty of Extravagance, Incompetency and Other Faults. Says Dismal Failures Have Been Made of Some Projects.

Ontario, Ore., June 6.—Charging F. H. Newell, head of the reclamation service, with extravagance, incompetency and a few other things, Louis W. Hill, now on his way East, in an address here, said:

"If the things I say of him are not true I want Mr. Newell to sue me for libel. I have the evidence against him and am ready and willing to present it in any court at any time."

Mr. Hill, after explaining how he had seen hundreds of settlers on reclamation projects in Oregon waiting wearily for work on irrigation systems to be resumed, said that it is a disgrace to the government and the people have no one to defend them.

"The government owes the people it has invited to go on reclamation lands in Oregon a bonus and I think it ought to be paid them. The reclamation service has been slow. There is no hope of reform in this as long as men like Newell are at its head."

Engineers Are Competent.

"Engineers employed by the service are as competent as any other engineers, but if things do not go his way he 'cans' the engineer who disagrees with him. They had L. C. Hill picked out to succeed Newell and now Newell is investigating that man, trying to drive him out of the service."

Mr. Hill cited as instances of Mr. Newell's alleged incompetency the Williston reclamation project in North Dakota and said he did not believe the service was serving 300 acres on this large tract with water this year. "Dismal failures" have been made, he said, at Fort Peck and Lower and Upper Milk river valleys in Montana. "These countries," he continued, "have been set back a generation. Newell has killed these countries and it is felt that he has been a national calamity."

SLIDING TAX ON TOBACCO

Bill Embodying Attorney General's Ideas Appears.

Washington, June 6.—In accord with suggestions of Attorney General McReynolds, Senator Hitchcock of Nebraska introduced an anti-trust amendment to the Underwood tariff bill, which would levy a special additional excise tax on sliding or graduated scale upon manufacturers of tobacco, cigars, cigarettes and snuff.

The amendments, coming from a Democratic member, will receive thorough consideration from the finance committee.

The progressive excise tax proposed would not reach a manufacturer until he controlled about 25 per cent of the total production of the articles. Over that amount he would be taxed in a rising scale on tobacco 1 cent a pound for the first million pounds per quarter, 2 cents a pound for the second million pounds, and so on up to 6 cents a pound. These graduated taxes would be in addition to the regular 8 cents a pound tax that all manufacturers pay on tobacco. The same is true of the progressive tax on cigars, cigarettes and snuff.

CHRIS VON DER AHE DEAD

Formerly One of Best Known Baseball Men in Country.

St. Louis, June 6.—Chris von der Ahe, owner of the old St. Louis champion ball team of 1885-88 and years ago one of the best known baseball magnates in the country, died at his home here.

Von der Ahe had been seriously ill for two months. Death was caused by cirrhosis of the liver and dropsy. He was sixty-one years old. He was born in Germany and came to this country in 1870.

The eccentric German sprang into fame in 1881 when he bought the St. Louis baseball association for \$1,800. In the following years he made \$500,000 off the investment.

AUTO DASHES INTO POLE

Milwaukee Man Killed and Two Others Severely Injured.

Milwaukee, June 6.—James Mahagan, a retired city fireman, was killed and John Gretzki and Charles A. Faber, Jr., seriously injured when the automobile driven by Dr. Charles A. Faber, Sr., ran amuck in the business district.

According to the story Dr. Faber told the police Gretzki, who had been standing on the curb, stepped backward, directly in front of the machine, as it was turning a corner. In an effort to avoid hitting Gretzki the doctor lost control of the car and it dashed into a telephone pole, crushing and instantly killing Mahagan, who was sitting on the curb.

The doctor's son sustained severe cuts when he was thrown against the glass wind shield.

WILL BROADEN
LOBBY INQUIRY

Senate Committee Decides to Extend Investigation.

PROBE WILL BE SWEEPING

Fight on Sugar Schedule Comes First, Wool Next, Then Prohibition and Liquor Lobbies, Alaskan Railway Forces, Labor Unions, Farmers' Organizations and All Other Bodies That Have Tried to Influence Law-makers.

Washington, June 6.—The senate "lobby" investigating committee decided to extend its present inquiry into a sweeping investigation of all organized efforts that have been made to influence action on legislation of any kind now pending before congress, under consideration in the recent past.

This action was determined on after several senators had added to the testimony already given tending to show that well organized and vigorous work is being done by commercial interests on the sugar, wool and other tariff issues. The committee decided to subpoena practically all persons thus far mentioned by senators as among their "tariff callers."

The efforts of the committee will be centered first on the sugar fight; next on wool and after that a full investigation will be made that will take in the activities of prohibition and liquor "lobbies," the Alaskan railway forces, labor unions, farmers' protective organizations and practically all other organized bodies that have carried on publicity campaigns, "endless chain" letter writing, or other means of influencing members of the senate or house.

Believes President Is Right.

Senator Reed, a member of the committee, sent word to President Wilson that he believed the testimony of Senator Ransdell and other witnesses fully established the truth of the president's recent statement, upon which the resolution for the investigation was based, that a powerful lobby exists in Washington.

The sergeant-at-arms of the senate was directed to issue many additional subpoenas for persons wanted as witnesses.

The next phase of the situation will be taken up Monday with the calling of the first men identified with the free sugar and anti-free sugar campaign.

Questions as to the interest the Mormon church holds in sugar and woolen factories in Utah brought about a lively clash between Senator Smoot and Democratic members of the committee. Senator Smoot said the church held a small amount of stock in the Utah-Idaho Sugar company and in the Knight Woolen Mills company at Provo, but he resented questions by Senators Reed and Walsh that he thought carried insinuations that he represented the interests of the Mormon church at Washington.

TO HEAD OFF TAFT ORDER

Plan to Pass Law Invalidating Reorganization of Customs Service.

Washington, June 6.—There will be no reorganization of the customs service July 1 if plans of the senate committee on commerce are realized. The committee agreed to report out a bill and try to secure its passage which would delay the operation of any plan until Jan. 1, 1914, and which would continue the power of the president to make any changes or modifications in the plans that he sees fit.

The committee is going to try to put the bill through before the senate gets into the discussion of the tariff bill. It is acting in accordance with a request from Secretary of the Treasury McAdoo, who is opposed to having the present Taft order go into effect.

Wilson Nominates Davis.

Washington, June 6.—President Wilson has finally determined upon the appointment of State Senator J. Warren Davis of Salem, N. J., to be United States attorney for New Jersey.

Oftentimes the Way.

When a man takes a dislike to you there is no use of trying to square it. If you do him a favor he thinks he has you bluffed, and if you do him an injury he is justified in his first impression.—Washington Star.

Skirt Brings Death to Two.

Buc, France, June 6.—Auguste Bernard, a French airman, and a passenger, Mme. Rose Amicel, were killed here while making a flight at the aerodrome. Mme. Amicel's skirt became entangled in the lever connections when the aeroplane was at a considerable altitude. Instantly the pilot lost control and the machine crashed to the earth.

LOUIS W. HILL.

Asserts the Reclamation Service Is Incompetent.

MERCHANTS' FILE COMPLAINT

Allege Overcharge of \$2,500 for Berry and Fruit Shipments.

Washington, June 6.—Claims for return of over \$2,500 alleged to have been overcharged for transporting berries and fruits from Oregon and Washington to Montana points have been filed with the interstate commerce commission by merchants in Helena, Billings, Great Falls and Butte against the Great Northern Express company, Northern Express company, the Wells Fargo Express company and the American Express company. The rates charged by the express companies ranged from \$1.75 to \$2.00 per hundred pounds. The complainants claim they should not have exceeded \$1.25 to Butte, Helena and Great Falls and \$1.35 to Billings.

WILSON MAKES FIFTH
VISIT TO CAPITOL

Confers With Senators on Diplomatic Selections.

Washington, June 6.—President Wilson appeared unexpectedly at the president's room at the Capitol with the biggest list of diplomatic selections he has made since he took office.

It was the president's fifth visit to the halls of congress, but this time he found the door of the "marble room" locked, the senate had adjourned and the sergeant-at-arms was taken by surprise.

"I guess I'll have to get a duplicate key for this door," said the president smilingly as the sergeant-at-arms hastily dispatched a messenger for the key. Hardly any senators were in the building, but Secretary Tumulty sent out a call for about twenty of them and they came in quickly from the senate office building.

While the president has not definitely fixed on some of the countries to which he will make diplomatic appointments he has chosen the men who will get the posts and about these consulted Republican as well as Democratic senators from home states.

When the president got through talking to the senators he met the newspaper men in the corridor and explained to them that his visit had been chiefly about diplomatic appointments and that no official list would be made public until word was received from the various foreign governments as to the acceptability of the individuals selected.

FEDERALS ROUT INSURGENTS

One Hundred and Twenty Men Killed in Battle.

Laredo, Tex., June 6.—According to a courier who arrived here from Monterey 100 rebels and twenty federals were killed in a battle between the army of General Teles and revolutionists under Jesus Carranza at Candela, Mex., Tuesday. A large number on both sides were wounded.

According to the courier the revolutionists were routed and fled in disorder, pursued by government troops.

TO CONSIDER PEACE PACT

Three More Nations Want Drafts of Proposed Treaties.

Washington, June 6.—Secretary Bryan announced that Germany, Bolivia and Argentina had so far approved his proposal for universal peace as to ask for tentative drafts of the treaties. With these additions the list of nations that have undertaken to consider the proposal favorably is thirteen.

TRY TO FIGURE
PROGRESSIVES

Republicans' Eyes on Third Party Leaders.

NEED BULL MOOSE SUPPORT

They Are Convinced a National Victory Would Be Impossible Under Existing Circumstances and Are Eager to Patch Up Differences, Notwithstanding Unpleasant Memories.

By ARTHUR W. DUNN.

Washington, June 6.—[Special.]—Watching the Progressives, conferring with the Progressives, feeling for Progressive sentiment and trying to figure out what the Progressives will do in the future, is just now the principal political occupation of the Republicans. They are quite convinced that it is almost impossible to achieve a national victory with the Progressives arrayed as a solid party in opposition to them.

So far the Democratic tariff has had a tendency to bring the two wings of the Republicans together, but it will take more than the tariff to heal the differences.

The defeat of many Republicans last fall by reason of Progressive candidates in the field still rankles. More than that, the Republicans do not believe the differences between the factions warranted a bolt. However, the leaders do know that future success depends upon patching up of differences. Consequently they are willing to make as many concessions as possible in order to bring the Progressives back to the old party.

Discussed in the Senate.

There was a very interesting discussion in the senate one day on the subject of the bull moose party and its relations to the pending tariff bill. Senator Gallinger said the country had not declared for lower tariff as the Democrats were really a minority party. Senator Thomas asserted that the bull moose party was opposed to the Payne-Aldrich bill.

Senator Warren contended that the bull moose party was not in favor of the pending tariff bill, while Thomas disavowed all knowledge of the intentions or views of the bull moose party except that it had declared against the present tariff law.

Goff on Lincoln.

Senator Goff of West Virginia closed a speech in the senate with a feeling statement about President Lincoln, who had done him a great favor when he was a young man and languishing in Libby prison in Richmond.

"I lived south of Mason and Dixon's line," said Goff. "I was Virginia born. I did not see the lines of my duty as some of my boyhood friends did, so I wore the blue, and it was my misfortune to be called a traitor to my state because I was loyal to the flag of the Union. When the vicissitudes of war threw me into a land that did not agree with me my situation was far from comfortable. My home for some time was simply a prison cell. But the great man of whom I have been speaking opened the doors of Libby and brought me home to freedom."

Labor Gets Its Innings.

Labor interests have no reason to complain of their treatment by the party in power. President Wilson made former Congressman Wilson secretary of labor. He was a labor leader in the house, and the house made him chairman of the labor committee. Now another labor leader, Lewis of Maryland, is to be made chairman of the labor committee.

Changing Politics.

Ollie James can't understand why a man should ever change his politics unless it is to become a Democrat. But once a Democrat, he ought to remain a Democrat. He tells this story about his experience in Minnesota.

"Last year I went to Minnesota to campaign. Bryan told me to go and see James Mahagan, saying that he was one of (Bryan's) best friends, and would give me a line on the boys and tell me how the situation looked. When I reached Minnesota I found Mahagan running for congress on the Republican ticket and making the best campaign he could for the Republican party."

And Mahagan was elected, too. He surprised many of his friends by his course. In 1908 when Minnesota was trying to nominate Governor John A. Johnson for President Mahagan was at Denver doing his level best for Bryan and assuring people that Minnesota at heart was a Bryan state. No wonder Bryan told James to go to Mahagan.

Making Wry Faces.

Some of the Progressives are making wry faces at the thought of coming back into the Republican fold under the call of Chairman Hill of the National committee. They say that reorganization, if it includes the Progressives, must have a number of different leaders. Considerable bitterness seems to have been left over from the last campaign.

Does Not Indicate a Change.

What Secretary Garrison has said about the army and the actions of Secretary Daniels in regard to the navy, as well as several intimations from him, indicate that there will not be much change in regard to the fighting forces of the nation. The maintenance of an adequate army and navy seems to have the approval of both.

Kept a Good Table.

Brown—Keeps a good table, does she? Robinson—Excellent. Solid oak. Has had it for years.

QUEEN AMELIE.

Denies That She Will Marry Count Vassalaes.

Queen Marie Amelie of Portugal stamps as absurd the widely published report that she is to wed Count Vassalaes, one of the royalist leaders of Portugal. She is the daughter of the late Comte de Paris and a sister of the Dukes of Orleans and Montpensier. King Manuel is her only son.

MAY AGAIN ATTACK
TWO GIANT TRUSTS

Attorney General Doubts Dissolution Is in Effect.

Washington, June 6.—Neither the Standard Oil nor the tobacco trust—the two greatest examples of the operation of the Sherman anti-trust law—has been actually dissolved to meet the requirements of the statute designed to destroy monopolies, according to the views of Attorney General McReynolds.

This just became known, serving as an index to the Democratic administration's policy on trusts. It was taken as a forecast of possible further action against the oil as well as the tobacco interests if the results of the investigation just completed by the department of justice of the workings of the oil dissolution decrees indicate that there is a problem which can still be dealt with under the Sherman law.

The attorney general's complaint is not against the Sherman law, but against the decrees of dissolution interpreting the decisions of the United States supreme court ordering the dismemberment of the Standard Oil and tobacco combinations into separate competitive parts. He is firmly convinced that no trust, as in these two cases, can be adequately dissolved by a pro rata distribution of the stock of its disintegrated parts among the same stockholders who controlled the original combination. Community of interest is bound to exist, he believes, and competition cannot follow such dissolutions.

CHICAGO ELECTION FRAUDS

Judge Declares Ballots Have Been Tampered With.

Chicago, July 6.—Judge Baldwin, in a session at which all the factions in the fight for investigation of the alleged frauds in the election of state's attorney appeared, refused to turn over the ballots to the election commissioners.

Apprehension that the telltale evidence would be destroyed was expressed by attorneys for the contestants. The hearing, which was on three separate proceedings, was replete with charges and counter charges of fraud.

Peter Sisam, attorney for William A. Sunnee, the Socialist candidate, declared that sufficient evidence of frauds had been disclosed to justify invalidating the entire election.

Judge Baldwin exonerated State's Attorney Hoyne from any suspicion in the alleged frauds. He also declared that the "ballots had been palpably tampered with," and that a thorough investigation was necessary.

Making Wry Faces.

Some of the Progressives are making wry faces at the thought of coming back into the Republican fold under the call of Chairman Hill of the National committee. They say that reorganization, if it includes the Progressives, must have a number of different leaders. Considerable bitterness seems to have been left over from the last campaign.

Does Not Indicate a Change.

What Secretary Garrison has said about the army and the actions of Secretary Daniels in regard to the navy, as well as several intimations from him, indicate that there will not be much change in regard to the fighting forces of the nation. The maintenance of an adequate army and navy seems to have the approval of both.

WILSON STUDIES
JAPANESE NOTE

PRAISES MAN HE SENTENCES

Judge at Fargo Would Trust All His Money With Embezzler.

Fargo, N. D., June 6.—Judge Yeumans sentenced E. S. French of Ellendale to five years in the federal penitentiary at Leavenworth, at the same time remarking that he would be willing to trust the convicted man with every cent of his property.

French was found guilty by the jury of embezzlement from the Farmers' National bank of Ellendale.

In passing sentence Judge Yeumans declared that he was inclined to suspend the penalty, except for the moral effect on others. He declared French was a man who should merit confidence and proffered his aid to obtain a pardon from the sentence he was then imposing.

Says It Opens Way for Interesting Negotiations.

CONFERS WITH AMBASSADOR

President and Viscount Chinda Discuss Contents of Japanese Government's Note Regarding the California Anti-Allen Land Law—Wilson Also Goes Over Matter With Secretary Bryan.

Washington, June 6.—After reading Japan's latest note on the California anti-Allen land law and just before a conference with Ambassador Chinda, President Wilson expressed his view that the new communication opened the way for "very interesting and friendly negotiations."

The president had a brief conference with Secretary Bryan and an informal talk afterward with Viscount Chinda. He had explained earlier that he did not expect to make any official reply to the Japanese ambassador, but would discuss the Tokio note orally.

The president let it be known that there was much matter for discussion in the Japanese note, but that none of the documents thus far exchanged by the two governments had in themselves suggested a solution of the land law difficulty.

He indicated that the negotiations would proceed slowly and carefully with a view to obtaining a frank expression of opinions by the two nations.

Sooner or later, it was indicated, the meaning of the federal laws on naturalization would have to be determined by the courts, though the initiative might have to be taken by Japanese residents as the government could not institute proceedings.

No suggestion for arbitrating the difficulties has thus been made, it was learned authoritatively, but White House officials reiterated their confident expectation of an amicable adjustment eventually.

CONVICT GETS \$10 FOR TALK

Prisoner's Address to Kangaroo Court Wins Praise for Mother.

Milwaukee, June 6.—Compassion of his fellow prisoners whom he addressed during a session of mock court trial at the county jail netted Richard P. Dickson \$10, which will be sent to his mother.

Dickson was about to leave for Waupun to serve an eighteen months' sentence for forgery.

"After I got out of Waupun I am going to do the right thing," he said. "Whatever you do, leave bad checks alone. I got about \$200 by it, but I am paying a stiff penalty."

"Boys, there is one hard thing to meet and that is the thought: What will become of my mother? The poor woman needs my support. Take a lesson from this and think of your mothers and sisters."

"Let's give him the money of the Kangaroo court to send to his mother," yelled Cal Ryman, judge of the court, who recently robbed a store of jewels. The suggestion met with popular accord.

ANGRY AT WIFE'S ABSENCE

Laborer Kills Three and Wounds Three Others.

Canton, O., June 6.—Enraged, he said, because he came home and found his wife missing, Robert Roach, twenty-nine years old, a laborer, went to the home of his wife's parents and shot and killed his mother-in-law, sister-in-law and sixteen-month-old baby and fatally wounded another sister-in-law. Later, when his arrest was attempted, he shot a member of the Canton police force in the leg and bit another man in the hand.

After the shooting Roach took refuge in an upstairs room and attempted to asphyxiate himself. He was captured and revived.

MAY ALL BE SENT TO PRISON

Thirty-eight Strikers Guilty of Unlawful Assemblies.

Paterson, N. J., June 6.—Thirty-eight silk workers, who as pickets gathered in front of a mill during strike disturbances on April 25, were convicted of unlawful assembly by a county court jury.

The defendants, one of whom was a seventeen-year-old girl, each face a prison sentence of from one to three years or a fine of any amount up to \$500, or both imprisonment and fine. Three other defendants were acquitted.

NEW GROCERY STORE
Firnstaal & Vadnais Open Business in the Gardner Block at 504 South Laurel Street
Firnstaal & Vadnais is the name of the new grocery firm established in Brainerd at 504 Laurel street, Gardner block. The members of the firm are G. W. Firnstaal and J. F. Vadnais. At Little Falls they have been conducting a grocery store for many years and have achieved a good success there. The Little Falls business is in charge of G. W. Firnstaal. The Brainerd branch will be conducted by J. F. Vadnais. His family will join him in a short time and they will rent a residence on North Broadway.
The store carries a line of staple and fancy groceries, flour, feed, etc. Prompt deliveries will be made about town. Both members of the firm have had 14 years experience in the grocery business and their friends are assured that they will meet with a large measure of success in Brainerd.
Katherine L. Norton, New Bedford, Mass., says: "I had a terrible pain across my back, with a burning and scalding feeling. I took Foley Kidney Pills as advised, with results certain and sure. The pain and burning feeling left me, I felt toned up and invigorated. I recommended Foley Kidney Pills." For backache, rheumatism, lumbago and all kidney and bladder ailments, use Foley Kidney Pills. For sale by H. P. Dunn.—Adv. mwf
The Haag Shows
The sober, quiet, innocent looking camels are always objects of no little interest. With the herd in the mighty Haag shows, which are billed to appear in Brainerd, Friday June 13, are to be found some of the finest specimens ever exhibited in this or any other country, including the only living baby wild black camel known to man, its mother having died upon its birth. While a party of hunters were in the high and cold regions near the lake of Lobnar last December, in search of rare animals for the mighty Haag shows the men sighted a small number of wild camels and singling one from the number succeeded in capturing it. Never having seen the like before the collectors became fired with the desire to show them to the mighty Haag show patrons, but were not successful in showing the original of the capture, but a baby camel that bids fair to be as vicious as its mother. The beast is now giving its keepers no end of trouble and all kinds of difficulties are daily encountered. Scientists and all students of natural history will find this untamable quadruped an interesting study.

GRADUATION EXERCISES
Class of Twenty-Five is Graduated by St. Francis Parochial School on Wednesday
A class of twenty-five was graduated by St. Francis parochial school, the pleasing exercises taking place at the Grand theatre on Wednesday evening.
A very interesting program was presented which included the play, "Capt. Arden's Rosary," in which the characters were well taken by Clement Ryan, John Peters, George O'Brien, Charles Taylor, Amos Maghan, Severin Koop, Chester O'Connor and Alfred Hoerner. The other numbers included recitations and songs.
Rev. Father J. J. O'Mahoney delivered the address of the evening, a very eloquent effort. He presented the diplomas to the graduates.

QUIT IT! ZEMO STOPS ITCHING INSTANTLY
And For Eczema in all Forms, Dandruff, Tetter, etc., It's a Wonder
Buy a 25c Bottle Today and Prove It! At 25c Stop that violent scratching! There is nothing known that will stop itching like ZEMO. One application stops it instantly, whether the itching is on the scalp or on any other part of the body.
Dandruff is nothing but scalp eczema and that's why ZEMO stops dandruff absolutely.
For the terrible, raw, fiery eczema that drives you wild, keeps you awake nearly all night—for rash, prickly heat and all inflamed, reddened skin on babies or grown-ups, for itching piles, salt rheum, for rawness after shaving, for any and all sores, ZEMO is a revelation. ZEMO is not a greasy ointment or paste, but a clean, antiseptic solution applied to the skin. Try a bottle today—end your torture.
"ZEMO will cure any case of eczema if used according to directions." Dr. G. H. Johnson, Quanah, Texas.
ZEMO is sold in 25c sealed bottles and guaranteed in Brainerd by Johnson's Pharmacy.—Adv.

COMMISSION FORM GROWS IN FAVOR

Time is Revealing That the Commission Plan of Government is the Most Practical

LESSEXPENSIVETHAN OLD FORM

Experience is Proving that its Effects Decided Saving For the City Adopting it

When the commission form of government was first proposed there were many theoretical objections. Time has proven these objections to be not well founded. The following experiences of cities which have tried the plan is most convincing as to its practicability.

Kansas City, Kansas.—Commission plan in effect 1910. Population of city, \$2,331. When the new regime commenced it was found that a deficit of \$40,000 in the annual expense was imminent. By energy in collecting licenses, dog taxes, taxes on street cars and telephone poles, \$16,000 more was collected in nine months than in the previous year.

San Diego, Cal.—Population 39,578. Commission plan in effect 1909. The number of streets cared for has increased fifty per cent, but the number of employees only ten per cent. Purchases are made through a central bureau and prices are obtained before orders are placed, the city obtaining cash discounts. A large sum has been saved to the city by these methods.

Topeka, Kansas.—Population 43,684. Commission plan in effect in 1910. Party politics have been completely divorced from the city administration. For the first time a local railway company has been compelled to make street repairs when relaying its tracks. The city formerly attended to this. The finance commissioner being unable to dispose of a large issue of bonds to brokers to his satisfaction, sold the entire issue to residents of the city by private correspondence, making the best sale which has ever been made in this city.

Coffeyville, Kansas.—Plan in effect April 7, 1911. Population, 12,637. In the first five months of operation the tax levy was reduced from 87 cents to 83 cents; the new levy including several new items. The mayor writes: "I served as mayor under the old system. There is no one in the city that would go back to it. In my opinion the new system is far ahead of the old."

Cherryvale, Kansas.—Plan in operation May 1, 1911. Population 4,304. A letter from the mayor says: "Our floating debt was \$49,000 and warrants were selling at 95c on the dollar, and the city running behind \$5,000 a year. After three months under the commission form our paper is at par; we have met all expenses and have a nice balance in our general fund. Our people

BUSH WINS FOR PHILADELPHIA

Philadelphia won its tenth consecutive game June 4 when it defeated the Detroit team by a 14 to 6 score. Twenty-nine men participated in the contest, the Athletics using 14 men and the Detroit 15. Both Dubuc and Wyckoff were pounded out of the box. After allowing 3 hits in 1 1-3 innings Wyckoff was taken from the box and Bush, who is now called Joe Bullet Bush, succeeded him. Bush allowed but 6 hits in 7 2-3 innings. He walked 3 men and struck out 4 in the pinches.

ple are well satisfied with our form of government."

St. Louis, Mo.—Commission plan adopted 1909. In this city of 15,000 population a debt of \$100,000 has been paid off in two years. The floating debt is being reduced and the sinking fund accumulated.

CHAUFFEUR EXAMINATIONS

To be Held at St. Cloud June 24, Fergus Falls June 25 and Crookston June 26

In a circular letter to the Dispatch, Julius A. Schmahl, secretary of state, conveys the information that there will be an examination for chauffeurs at the following places and dates:

St. Cloud, 1 p. m. Tuesday, June 24. Fergus Falls, 10 a. m., Wednesday, June 25.

Crookston, 10 a. m., Thursday, June 26.

As far as possible these examinations will be held at the city halls. They will be under the direction of J. A. Maloney, chairman of the state board. The state department cannot issue a license until the board authorizes the same.

These will be the only examinations in the vicinity of Brainerd this year. All chauffeurs will govern themselves accordingly and also inform their driver friends.

Ware-Sandstrom

At the First Methodist Episcopal church yesterday at 2:30 Rev. Elbert E. Satterlee read the service which united in marriage Mr. Benjamin H. Ware of Walker, and Miss Ida Sandstrom of Pine River. The bride is one of Pine River's most popular young women and the groom is in business in his home city. Miss Ware of this city is a sister of the groom and was present yesterday at the wedding. The happy couple will make their home in Walker. The Dispatch joins their many friends in wishing them much happiness and prosperity.

For spring fever take Hindipo Tablets. Boxes 50c at Johnson's pharmacy.—Adv't.

REST ROOM ESTABLISHED

George H. Gardner to Devote Pleasant Room in Gardner Block for Convenience of

FARMERS' WIVES SATURDAYS

Also Open on Special Occasions—Chairs, Table, Papers, Magazines, Toilet, Etc.

George H. Gardner, secretary of the Boosters club, has established in the Gardner block a great convenience for farmers' wives who shop in Brainerd, a rest room which will be open on Saturdays and on special occasions as circus days, etc.

The room will be provided with chairs, tables, toilet, etc. There will be books, magazines, papers, etc. for those who may wish to read. It will be a rest and comfort station, something that is absolutely needed in Brainerd and something which has never been supplied in such generous space and room as by Mr. Gardner. It will be situated at 512 Laurel street, easy of access.

At the old market place improvements will be made by Mr. Gardner that will be appreciated by all farmers. The city will put in a watering trough, something greatly needed as the only public place to water a team is at the Y. M. C. A. fountain and the water runs slowly there and cannot accommodate many horses.

UNIVERSITY WEEK OPENS MONDAY

First Day, June 9, to be Devoted to Dramatics, a Comprehensive Program

WILL LECTURE ON GREEK PLAY

Greek Theatre in Afternoon—University Dramatic Club in the Evening

University Week program opens on Monday afternoon with a lecture by Dr. Chas. Savage of the University of Minnesota, on "Greek Plays and Greek Theatre." He will be followed by either Maurice Flagg, director of the State Art society, on "Arts and Crafts," or Margaret J. Blair of the state agricultural college, on the "Model Farm House." A reading hour will then be given by Dr. Anna Hemholtz Phelan in "A Social Message."

Monday night at the opera house the University Dramatic club will present Sydney Grundy's three act comedy, "A Pair of Spectacles." This entertaining comedy will probably be a more popular offering to many of their audience than last year's Shakespearian performance. The play was given last week in Minneapolis and was highly praised by the Journal. The finished production of the "Merchant of Venice" which the Dramatic club gave here last year is assurance that their work will be well up to the level of a first class professional company rather than a cast of amateurs. The press notices from the towns on the southern Minnesota circuit where it is being given this week indicate that it is being received with great enthusiasm. The leading parts are taken by Robert Wilson who made such a favorable impression here as Shylock, and by Miss Enza Zellar, who will be remembered as the charming Portia of last year's production.

Mr. Wilson's work is remarkably fine for an amateur—in fact he has received several offers to take up professional dramatic work but so far has adhered to his chosen calling of forestry, in which he is taking post graduate work this year. The indications point to a crowded house. The single admission has been placed at fifty cents for all seats in the house, reservations to be made in accordance with announcement elsewhere. At this price every seat in the house should be sold and the week opened with a rousing reception to the Dramatic club.

\$50 Reward

Fifty dollars (\$50) reward will be paid for information leading to the arrest and conviction of any person shooting inspectors on our high tension pole line in the vicinity of Brainerd.

Cuyuna Range Power Company. Adv't.—30513

ADDITIONAL NAMES

List of Old Soldiers Buried Did Not Mention C. B. Sleeper, Says a Correspondent

The list of old soldiers who have passed away is necessarily incomplete as all records were destroyed when the hall of the soldiers was burned. They have published at various times notices to the public to supply, if possible, information and will gladly receive it. Graves are to be given markers in the cemetery and in many cases there is no record whatever of company or regiment and in some cases even names of the deceased have been lost.

The Dispatch recently printed a list and to these names of warriors passed away should be added C. B. Sleeper, as mentioned in a letter received from John L. Smith, of Minneapolis. Another name omitted was Thomas H. Britton. All additional names received will be promptly published.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held June 2nd, 1913

Board met at the court house at 10 o'clock a. m. with all members present. Minutes of the last meeting read and approved.

Martin Halverson of the town board of Pelican appeared and asked for some help on road on north side of section 10 in that town and upon motion \$50.00 was granted.

E. L. Trask requested the board to sign an abatement on the taxes on lot 3, section 30, township 47, range 28 and the holding company also asked for a reduction on seven forties in section 31 adjoining. All these properties are in the village of Cuyuna and the board felt that to make such a sweeping reduction would make too great a change in the taxes received and therefore no action was taken. The board also refused to give any relief to Dr. A. F. Groves who asked for a reduction on the E 1/4 NE 1/4 section 10, township 45, range 29. Attorney Long appeared on behalf of Julius Reuter who paid a personal property tax of \$6.00 on moneys and credits erroneously assessed, but no action was taken.

Attorney W. F. Wieland presented a petition on behalf of the residents of Barrows for the incorporation of that village to comprise the following territory: All of sections 10-15 and 16 and fractional section 3, 4 and 9 certain portion of which territory is now platted as the townsite of Barrows. Supt. Archibald of the Virginia Ore Mining company offered some objection and a motion was made and duly carried to refer the petition to the county attorney as to the legality of the proceedings to report at the next meeting of the board.

F. V. Berglund of the town board of Deerwood reported a case of tuberculosis in his town and desired to know what the duties of the board might be in the matter. The question was referred to the health committee.

Louis Knudson presented plat of "Iron Mountain" in the SW 1/4 of SW 1/4, section 33, township 47, range 29 and upon motion same was duly approved and ordered placed on file.

Joseph Leitner reported that several culverts in township 135, range 27 were broken down. The auditor was directed to notify the road overseer to come and get the corrugated iron culverts which the board had provided for these places.

Board adjourned until 2 o'clock p. m. All members present.

The following appropriations were made to help build roads and bridges: \$200 to Klondike for the road leading west from Ironton to Riverton; \$100 to Timothy for general road repairs; \$100 to Nokay Lake to be used on N. & S. center line of section 5 and 8; \$100 to Bay Lake for N. & S. road through sections 9 and 16; \$50 to Sibley to be used between sections 26 and 27; \$50 to Ideal to be used between sections 21 and 28; \$100 to Long Lake of which \$50 shall be used on section 35 and \$50 between sections 21 and 16.

Attorney Russell appeared for Paul Markee in ditch matters and requested the board to call on the county attorney for a report on this question which had been submitted to him at a previous meeting.

P. A. Glass urged the board to start the work of establishing section corners and placing permanent monuments. Motion carried instructing the auditor to send a letter to various town boards asking for their help in the matter.

Petition for new school district in St. Mathias comprising land now in district No. 6, 16 and 21 including the following sections: SW 1/4 10, W 1/4 of section 14-23-26 and 35, E 1/4 and SW 1/4 section 17, and all of sections 15 and 16-19-20-21-22-27-28-29-30-31-32-33-34 came up for final hearing. A remonstrance against the petition was read also a letter from Thomas Brisbane asking that the hearing be adjourned until he could be present. Henry Longevin and others spoke in favor of the petition. A motion was made and duly carried to grant the petition and establish the new district to be known as District No. 16 and the auditor was instructed to issue the proper notices for the first meeting of the new district on Saturday, June 21st at 8 o'clock p. m. at the school house in old district No. 21.

Letter from Dr. Beach from the state sanatorium was read asking that Ray Davis be kept there for a longer period and the board agreed to pay his way another month, and furnish \$10.00 worth of clothing.

Bond of Leon W. Thomas, treasurer of Cuyuna village in the sum of \$4,000 was presented to cover the county appropriation of \$2,000 for bridge at Rabbit lake narrows. It was moved and carried that the money be not paid out until the bridge was completed.

A committee from the Commercial club Carl Zapffe, Dr. J. L. Camp and F. H. Gruenhagen urged the board to comply with the provisions of Chap. 376 of the laws of 1913 by which the state will furnish \$1000 for a teacher of agricultural in this county if the county will furnish a like amount. A resolution was duly passed guaranteeing the sum of \$1000 from the revenue fund for two successive years.

The Deerwood town board called attention to the fact that the town voted no license last spring and asked what should be done in reply published.

GENEROUS OFFER MADE

Duluth Dentists Will Examine the Teeth of Duluth School Children Free

IS PLAN OF DR. L. J. SYKORA

Former Brainerd Man, Now President of Duluth District Dental Society, Favors it

Duluth dentists propose to co-operate with the board of education and have offered to examine free of charge the teeth of all the school children in Duluth. This is a project which might well be followed in Brainerd, and the carrying out of the plan, as proposed by Dr. L. J. Sykora, a prominent dentist of Duluth, is especially interesting to the Brainerd people because Dr. Sykora is a former Brainerd boy who has been very successful in his chosen career as dentist.

The Duluth Herald says the project was brought up at the annual meeting and banquet of the Duluth District Dental society, a branch of the Minnesota State Dental society, held at the Holland hotel. About thirty members of the local organization were present at the meeting.

Dr. L. J. Sykora, president of the Duluth society, presided at the meeting and delivered the principal address of the evening, in which he urged the co-operation of the dentists with the board of education. He discussed at length the need of dental inspection in schools and cited similar clinics throughout the country as examples of the success of the movement.

After the meeting was discussed by those present, a committee consisting of Drs. C. W. Benson, Edward Mentzer and E. W. Boerner was appointed to take the project up with the board of education. It is planned to take the matter up at once and to arrange for these examinations at the opening of the school next fall.

Dr. Sykora proposes to establish districts throughout the city and to have a staff of dentists appointed for each district. An index card system will be established and each child in the local schools given a special report.

During the evening Dr. Sykora announced that the annual convention of the Minnesota State Dental society will be held June 13 and 14 at St. Paul.

MANAGANESE ACTIVE MINING AND BUILDING

The Soo Line Has Let a Contract for a Line Into the Town and to Mining Properties

P. HAMMEL'S BIG STRIKE

R. C. Klinkenberg to Start a Bank—Marcus Grande to Build Five Cottages

Manganese, Minn., June 6—The townsite of Manganese has now started up in earnest.

The Soo Line railroad has let the contract for a line into the town, then to the shaft of the Iron Mountain Mining company mine and several other mining properties. The Soo has also purchased a site for a depot at Manganese.

The Iron Mountain Mining company at Manganese is pushing the work on its large three-compartment shaft so as to be ready to ship ore when the road gets into their property.

To the southwest of Manganese is the Brainerd-Duluth Iron company, which has several drills at work and which will soon start work on its shaft.

Several more iron properties will be opened up by shafts when the road gets in. They are holding off because they can get their freight hauled over the railway at quite a little saving over team work.

Drills are at work all around the town of Manganese.

The boarding house is doing a good business and all rooms are filled. Mr. Gudahl is completing a residence on lot 15 in block 9 facing First avenue south.

Marcus Grande will move back to Manganese this week. He has received a contract to build five cottages which are to be erected in blocks 13 and 14, facing on First avenue west.

R. C. Klinkenberg has put in an application for a bank at Manganese. Postmaster Travis, who has been laid up some time with rheumatism, is now getting better.

A very large ore body has been struck in the northwest quarter of section 27, township 47, range 29, a short distance from Manganese. The ore runs better than 60 per cent, it is claimed. Patrick Hammel and associates are interested in this find.

DISPATCH ADS PAY—TRY ONE

OLD FOLKS FIND NEW REMEDY

RELIEVES ALL KIDNEY MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Hindipo, relieves all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly.

It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Hindipo is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.

Pictures and Picture Framing

IS OUR BUSINESS

We have a most complete line of pictures and frames. We do framing that satisfies. Come see us.

LOSEY and DEAN

NORTH LONG LAKE

Mrs. Axel Anderson and son Arnold of Little Falls, are visiting at Gust Julines this week.

The L. S. club met with Mrs. P. O. Peterson Wednesday.

School closed in Dist. No. 3 with a picnic on Long lake last Thursday. Mrs. W. L. Taylor and children of Deerwood, have been visiting Mrs. Taylor's parents the past week.

Commencement exercises were held in Dist. No. 3 last Saturday evening and there were nine pupils that received diplomas from the eighth grade. They were Sadie Lindskog, Elizabeth Peterson, Pearl Thomas Mary Hughey, Alexander Thompson and Lloyd Taylor from Dist. No. 3, Victoria LaFlamme from the Bouck district and Margaret Keough and Sigrid Stendahl from Dist. No. 4. Senator Johnson addressed the class after which Mrs. Hartley presented them with their diplomas. Mrs. Deal sang several selections which every one enjoyed. The school house was well filled and everybody thought Senator Johnson's speech was fine.

There will be a basket social in the school house in Dist. No. 3 next Monday evening, given by the Little Branches class of the Sunday school. Everybody come.

Mr. and Mrs. Hughey spent Sunday afternoon at Caughey's in Daggett Brook.

Mr. and Mrs. H. Graham spent Sunday at Gull lake with Mr. and Mrs. Bressler, Sr.

Mr. and Mrs. P. J. Albertson celebrated their silver wedding last Friday.

COUNTRY COUSIN.

In the end you will come to Hindipo Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv.

COMMISSIONERS PROCEEDINGS

(Continued from page three)

gard to saloon now running within the town. The question was referred to the county attorney.

Petition for new road in Bay Lake town on the line between section 28 and 29 and following the lake shore in a northerly direction to the section line between 20 and 21, thence north to the corner of sections 16-17-20 and 21 was read before the board. It was argued that this was the business of the town board of Bay Lake but a motion finally prevailed to order a hearing on the petition on Monday, July 14th, at 2 o'clock p. m. Mr. Oberg, Mr. Kreech and Mr. Poppenberg were appointed a committee to view the proposed route on Saturday, June 28th, at 2 o'clock p. m.

Elizabeth Hayes, the owner of lands along the town line road on the south side of Smiley notified the board that this line had not been properly established and on motion Engineer L. E. Garrison was directed to make the survey as soon as possible.

A resolution was duly passed asking the highway commission to proceed with the survey of Ellwell road No. 11 from Brainerd to Deerwood and thence to the county line.

Commissioner Tucker was authorized to procure laborers for cleaning out ditch No. 6 and No. 14.

Letter was read from T. H. Lauer, town clerk of Fairfield, calling attention to the fact that a bridge was needed at the crossing of the Little Pine river in section 7, township 136, range 26. On motion this matter was referred to the town board of Perry Lake.

Plat of "Ironton Park" in section 14, township 46, range 29 was presented and on motion duly approved.

A letter was read from Supt. A. C. Rogers asking that Alice Spencer an inmate of the school at Fairbault, be maintained there. The county attorney was requested to start proceedings against her relatives here to compel her support.

Charles Cunningham complained that a two foot culvert had been placed in Ditch No. 3 on town line road between Oak Lawn and Nokay Lake which was not large enough to carry off the water. The complaint was referred to the town board of Nokay Lake.

A proposal was received from C. D. Peacock for a mining lease on the poor farm property in section 33, township 45, range 30, he offered a royalty of 20 cents per ton with a minimum of 5000 tons the first year 10,000 tons the second year and 20,000 tons thereafter. A resolution was duly passed instructing the auditor to advertise for bids on such a lease.

On motion road engineer, L. E. Garrison, was directed to draw plans and specifications for the grading of state highway No. 5 from Deerwood to Bay Lake.

A letter from Freeman Thorp of Hubert, was read in regard to his experiment farm at that place representing that various parties were ready to help in the work if they could be assured of his responsibility and the benefits to agriculture resulting from experiments. A motion was made and duly carried that this board accede to Mr. Thorp's request and act as depository for any funds that may be sent.

The following bills were allowed:

Fred Drexler, repairs to road grader	29.05
On motion meeting adjourned.	
J. F. SMART, County Auditor.	

ESDON ETCHINGS

Mr. M. Steps has purchased the Besonson farm. He is going to make some needed improvements and move his family here this fall. He has also bought out L. C. Hammett's interest in the growing crops.

What shall we say of the Booster market day Brainerd advertised so extensively held last Saturday. Everyone we have heard speak of it were disgusted that they took time to go. Nothing doing as far as we could discover. Yes, the Brainerd band decorated themselves with red handkerchiefs and big mustachios and paraded the streets. If there was a wedding it wasn't performed at the hour set. There were a few animals auctioned off, but by the local auctioneer. Incidentally we heard the one imported was at the hotel, unable to perform for some reason. If the display was intended to draw trade it was in a way successful. P. T. Barnum once said that the American people liked to be humbugged. It looks as if that was the idea some had formed of the people in and around Brainerd. It would surprise the instigators of the Booster market day if the people failed to run at the cry of wolf! wolf! like the old fable, after a time.

Fred Bock is traveling around on a new motorcycle these days.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by your druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.—Adv.

CALLS HEAD OF
SERVICE UNFIT

Louis W. Hill Attacks Reclamation Official.

INVITES SUIT FOR LIBEL

Great Northern Railway Man Declares F. H. Newell, in Charge of Reclamation Work, is Guilty of Extravagance, Incompetency and Other Faults. Says Dismal Failures Have Been Made of Some Projects.

Ontario, Ore., June 6.—Charging F. H. Newell, head of the reclamation service, with extravagance, incompetency and a few other things, Louis W. Hill, now on his way East, in an address here, said:

"If the things I say of him are not true I want Mr. Newell to sue me for libel. I have the evidence against him and am ready and willing to present it in any court at any time."

Mr. Hill, after explaining how he had seen hundreds of settlers on reclamation projects in Oregon waiting wearily for work on irrigation systems to be resumed, said that it is a disgrace to the government and the people have no one to defend them.

"The government owes the people it has invited to go on reclamation lands in Oregon a bonus and I think it ought to be paid them. The reclamation service has been slow. There is no hope of reform in this as long as men like Newell are at its head."

Engineers Are Competent. "Engineers employed by the service are as competent as any other engineers, but if things do not go his way he 'caus' the engineer who disagrees with him. They had L. C. Hill picked out to succeed Newell and now Newell is investigating that man, trying to drive him out of the service."

Mr. Hill cited as instances of Mr. Newell's alleged incompetency the Williston reclamation project in North Dakota and said he did not believe the service was serving 300 acres on this large tract with water this year. "Dismal failures" have been made, he said, at Fort Peck and Lower and Upper Milk river valleys in Montana. "These countries," he continued, "have been set back a generation. Newell has killed these countries and it is felt that he has been a national calamity."

SLIDING TAX ON TOBACCO

Bill Embodying Attorney General's Ideas Appears.

Washington, June 6.—In accord with suggestions of Attorney General McReynolds, Senator Hitchcock of Nebraska introduced an anti-trust amendment to the Underwood tariff bill, which would levy a special additional excise tax on a sliding or graduated scale upon manufacturers of tobacco, cigars, cigarettes and snuff. The amendment, coming from a Democratic member, will receive thorough consideration from the finance committee.

The progressive excise tax proposed would not reach a manufacturer until he controlled about 25 per cent of the total production of the articles. Over that amount he would be taxed in a rising scale on tobacco 1 cent a pound for the first million pounds per quarter, 2 cents a pound for the second million pounds, and so on up to 6 cents a pound. These graduated taxes would be in addition to the regular 8 cents a pound tax that all manufacturers pay on tobacco. The same is true of the progressive tax on cigars, cigarettes and snuff.

CHRIS VON DER AHE DEAD

Formerly One of Best Known Baseball Men in Country.

St. Louis, June 6.—Chris von der Ahe, owner of the old St. Louis champion ball team of 1885-88 and years ago one of the best known baseball magnates in the country, died at his home here.

Von der Ahe had been seriously ill for two months. Death was caused by cirrhosis of the liver and dropsy. He was sixty-one years old. He was born in Germany and came to this country in 1870.

The eccentric German sprang into fame in 1881 when he bought the St. Louis baseball association for \$1,800. In the following years he made \$500,000 off the investment.

AUTO DASHES INTO POLE

Milwaukee Man Killed and Two Others Severely Injured.

Milwaukee, June 6.—James Mahagan, a retired city fireman, was killed and John Gretschi and Charles A. Faber, Jr., seriously injured when the automobile driven by Dr. Charles A. Faber, Sr., ran amuck in the business district.

According to the story Dr. Faber told the police Gretschi, who had been standing on the curb, stepped backward, directly in front of the machine, as it was turning a corner. In an effort to avoid hitting Gretschi the doctor lost control of the car and it dashed into a telephone pole, crushing and instantly killing Mahagan, who was sitting on the curb.

The doctor's son sustained severe cuts when he was thrown against the glass wind shield.

WILL BROADEN
LOBBY INQUIRY

Senate Committee Decides to Extend Investigation.

PROBE WILL BE SWEEPING

Fight on Sugar Schedule Comes First, Wool Next, Then Prohibition and Liquor Lobbies, Alaskan Railway Forces, Labor Unions, Farmers' Organizations and All Other Bodies That Have Tried to Influence Lawmakers.

Washington, June 6.—The senate "lobby" investigating committee decided to extend its present inquiry into a sweeping investigation of all organized efforts that have been made to influence action on legislation of any kind now pending before congress, under consideration in the recent past.

This action was determined on after several senators had added to the testimony already given tending to show that well organized and vigorous work is being done by commercial interests on the sugar, wool and other tariff issues. The committee decided to subpoena practically all persons thus far mentioned by senators as among their "tariff callers." The efforts of the committee will be centered first on the sugar fight; next on wool and after that a full investigation will be made that will take in the activities of prohibition and liquor "lobbies," the Alaskan railway forces, labor unions, farmers' protective organizations and practically all other organized bodies that have carried on publicity campaigns, "endless chain" letter writing, or other means of influencing members of the senate or house.

Believes President Is Right.

Senator Reed, a member of the committee, sent word to President Wilson that he believed the testimony of Senator Ransdell and other witnesses fully established the truth of the president's recent statement, upon which the resolution for the investigation was based, that a powerful lobby exists in Washington.

The sergeant-at-arms of the senate was directed to issue many additional subpoenas for persons wanted as witnesses.

The next phase of the situation will be taken up Monday with the calling of the first men identified with the free sugar and anti-free sugar campaign.

Questions as to the interest the Mormon church holds in sugar and woolen factories in Utah brought about a lively clash between Senator Smoot and Democratic members of the committee. Senator Smoot said the church held a small amount of stock in the Utah-Idaho Sugar company and in the Knight Woolen Mills company at Provo, but he resented questions by Senators Reed and Walsh that he thought carried insinuations that he represented the interests of the Mormon church at Washington.

TO HEAD OFF TAFT ORDER

Plan to Pass Law Invalidating Reorganization of Customs Service.

Washington, June 6.—There will be no reorganization of the customs service July 1 if plans of the senate committee on commerce are realized. The committee agreed to report out a bill and try to secure its passage which would delay the operation of any plan until Jan. 1, 1914, and which would continue the power of the president to make any changes or modifications in the plans that he sees fit.

The committee is going to try to put the bill through before the senate gets into the discussion of the tariff bill. It is acting in accordance with a request from Secretary of the Treasury McAdoo, who is opposed to having the present Taft order go into effect.

Wilson Nominates Davis.

Washington, June 6.—President Wilson has finally determined upon the appointment of State Senator J. Warren Davis of Salem, N. J., to be United States attorney for New Jersey.

Ottentimes the Way.

When a man takes a dislike to you there is no use of trying to square it. If you do him a favor he thinks he has you bluffed, and if you do him an injury he is justified in his first impression.—Washington Star.

Skirt Brings Death to Two.

Buc, France, June 6.—Auguste Bernard, a French airman, and a passenger, Mme. Rose Amicel, were killed here while making a flight at the aerodrome. Mme. Amicel's skirt became entangled in the lever connections when the aeroplane was at a considerable altitude. Instantly the pilot lost control and the machine crashed to the earth.

LOUIS W. HILL.

Asserts the Reclamation Service Is Incompetent.

MERCHANTS' FILE COMPLAINT

Allege Overcharge of \$2,500 for Berry and Fruit Shipments.

Washington, June 6.—Claims for return of over \$2,500 alleged to have been overcharged for transporting berries and fruits from Oregon and Washington to Montana points have been filed with the interstate commerce commission by commission merchants in Helena, Billings, Great Falls and Butte against the Great Northern Express company, Northern Express company, the Wells Fargo Express company and the American Express company. The rates charged by the express companies ranged from \$1.75 to \$2.00 per hundred pounds. The complainants claim they should not have exceeded \$1.25 to Butte, Helena and Great Falls and \$1.35 to Billings.

WILSON MAKES FIFTH
VISIT TO CAPITOL

Confers With Senators on Diplomatic Selections.

Washington, June 6.—President Wilson appeared unexpectedly at the president's room at the Capitol with the biggest list of diplomatic selections he has made since he took office.

It was the president's fifth visit to the halls of congress, but this time he found the door of the "marble room" locked, the senate had adjourned and the sergeant-at-arms was taken by surprise.

"I guess I'll have to get a duplicate key for this door," said the president smilingly as the sergeant-at-arms hastily dispatched a messenger for the key. Hardly any senators were in the building, but Secretary Tumulty sent out a call for about twenty of them and they came in quickly from the senate office building.

While the president has not definitely fixed on some of the countries to which he will make diplomatic appointments he has chosen the men who will get the posts and about these consulted Republican as well as Democratic senators from home states.

When the president got through talking to the senators he met the newspaper men in the corridor and explained to them that his visit had been chiefly about diplomatic appointments and that no official list would be made public until word was received from the various foreign governments as to the acceptability of the individuals selected.

FEDERALS ROUT INSURGENTS

One Hundred and Twenty Men Killed in Battle.

Laredo, Tex., June 6.—According to a courier who arrived here from Monterey 100 rebels and twenty federals were killed in a battle between the army of General Teles and revolutionists under Jesus Carranza at Candela, Mex., Tuesday. A large number on both sides were wounded.

According to the courier the revolutionists were routed and fled in disorder, pursued by government troops.

TO CONSIDER PEACE PACT

Three More Nations Want Drafts of Proposed Treaties.

Washington, June 6.—Secretary Bryan announced that Germany, Bolivia and Argentina had so far approved his proposal for universal peace as to ask for tentative drafts of the treaties. With these additions the list of nations that have undertaken to consider the proposal favorably is thirteen.

TRY TO FIGURE
PROGRESSIVES

Republicans' Eyes on Third Party Leaders.

NEED BULL MOOSE SUPPORT

They Are Convinced a National Victory Would Be Impossible Under Existing Circumstances and Are Eager to Patch Up Differences, Notwithstanding Unpleasant Memories.

By ARTHUR W. DUNN.

Washington, June 6.—[Special.]—Watching the Progressives, conferring with the Progressives, feeling for Progressive sentiment and trying to figure out what the Progressives will do in the future, is just now the principal political occupation of the Republicans. They are quite convinced that it is almost impossible to achieve a national victory with the Progressives arrayed as a solid party in opposition to them.

So far the Democratic tariff has had a tendency to bring the two wings of the Republicans together, but it will take more than the tariff to heal the differences.

The defeat of many Republicans last fall by reason of Progressive candidates in the field still rankles. More than that, the Republicans do not believe the differences between the factions warranted a bolt. However, the leaders do know that future success depends upon patching up of differences. Consequently they are willing to make as many concessions as possible in order to bring the Progressives back to the old party.

Discussed in the Senate.

There was a very interesting discussion in the senate one day on the subject of the bull moose party and its relations to the pending tariff bill. Senator Gallinger said the country had not declared for lower tariff as the Democrats were really a minority party. Senator Thomas asserted that the bull moose party was opposed to the Payne-Aldrich bill.

Senator Warren contended that the bull moose party was not in favor of the pending tariff bill, while Thomas disavowed all knowledge of the intentions or views of the bull moose party except that it had declared against the present tariff law.

Goff on Lincoln.

Senator Goff of West Virginia closed a speech in the senate with a feeling statement about President Lincoln, who had done him a great favor when he was a young man and languishing in Libby prison in Richmond.

"I lived south of Mason and Dixon's line," said Goff. "I was Virginia born. I did not see the lines of my duty as some of my boyhood friends did, so I wore the blue, and it was my misfortune to be called a traitor to my state because I was loyal to the flag of the Union. When the vicissitudes of war threw me into a land that did not agree with me my situation was far from comfortable. My home for some time was simply a prison cell. But the great man of whom I have been speaking opened the doors of Libby and brought me home to freedom."

Labor Gets Its Innings.

Labor interests have no reason to complain of their treatment by the party in power. President Wilson made former Congressman Wilson secretary of labor. He was a labor leader in the house, and the house made him chairman of the labor committee. Now another labor leader, Lewis of Maryland, is to be made chairman of the labor committee.

Changing Politics.

Ollie James can't understand why a man should ever change his politics unless it is to become a Democrat. But once a Democrat, he ought to remain a Democrat. He tells this story about his experience in Minnesota.

"Last year I went to Minnesota to campaign. Bryan told me to go and see James Mahagan, saying that he was one of his (Bryan's) best friends, and would give me a line on the boys and tell me how the situation looked. When I reached Minnesota I found Mahagan running for congress on the Republican ticket and making the best campaign he could for the Republican party."

And Mahagan was elected, too. He surprised many of his friends by his course. In 1908 when Minnesota was trying to nominate Governor John A. Johnson for President Mahagan was at Denver doing his level best for Bryan and assuring people that Minnesota at heart was a Bryan state. No wonder Bryan told James to go to Mahagan.

Making Wry Faces.

Some of the Progressives are making wry faces at the thought of coming back into the Republican fold under the call of Chairman Hill of the National committee. They say that reorganization, if it includes the Progressives, must have a number of different leaders. Considerable bitterness seems to have been left over from the last campaign.

Does Not Indicate a Change.

What Secretary Garrison has said about the army and the actions of Secretary Daniels in regard to the navy, as well as several intimations from him, indicate that there will not be much change in regard to the fighting forces of the nation. The maintenance of an adequate army and navy seems to have the approval of both.

Kept a Good Table.

Brown—Keeps a good table, does she? Robinson—Excellent. Solid oak. Has had it for years.

QUEEN AMELIE.

Denies That She Will Marry Count Vassalaes.

Queen Marie Amelie of Portugal stamps as absurd the widely published report that she is to wed Count Vassalaes, one of the royalist leaders of Portugal. She is the daughter of the late Comte de Paris and a sister of the Dukes of Orleans and Montpensier. King Manuel is her only son.

MAY AGAIN ATTACK
TWO GIANT TRUSTS

Attorney General Doubts Dissolution Is in Effect.

Washington, June 6.—Neither the Standard Oil nor the tobacco trust—the two greatest examples of the operation of the Sherman anti-trust law—has been actually dissolved to meet the requirements of the statute designed to destroy monopolies, according to the views of Attorney General McReynolds.

This just became known, serving as an index to the Democratic administration's policy on trusts. It was taken as a forecast of possible further action against the oil as well as the tobacco interests if the results of the investigation just completed by the department of justice of the workings of the oil dissolution decrees indicate that there is a problem which can still be dealt with under the Sherman law.

The attorney general's complaint is not against the Sherman law, but against the decrees of dissolution interpreting the decisions of the United States supreme court ordering the dismemberment of the Standard Oil and tobacco combinations into separate competitive parts. He is firmly convinced that no trust, as in these two cases, can be adequately dissolved by a pro rata distribution of the stock of its disintegrated parts among the same stockholders who controlled the original combination. Community of interest is bound to exist, he believes, and competition cannot follow such dissolution.

CHICAGO ELECTION FRAUDS

Judge Declares Ballots Have Been Tampered With.

Chicago, July 6.—Judge Baldwin, in a session at which all the factions in the fight for investigation of the alleged frauds in the election of the state attorney appeared, refused to turn over the ballots to the election commissioners.

Apprehension that the telltale evidence would be destroyed was expressed by attorneys for the contestants. The hearing, which was on three separate proceedings, was replete with charges and counter charges of fraud.

Peter Sisman, attorney for William A. Sunnes, the Socialist candidate, declared that sufficient evidence of frauds had been disclosed to justify invalidating the entire election.

Judge Baldwin exonerated State's Attorney Hoyne from any suspicion in the alleged frauds. He also declared that the "ballots had been palpably tampered with," and that a thorough investigation was necessary.

FATAL FIGHT OVER WOMAN

Negro Shoots and Instantly Kills White Man.

Minneapolis, June 6.—Following a quarrel over Mary Meyers, a white woman, in a rooming house William Billings, a negro, shot and instantly killed Albert Seton, white.

The men roomed in the same house. Seton, who is a machinist, about fifty-eight years old, being the only white man in the place.

Billings says that Seton accused him of trying to influence the woman against him and came down stairs armed with a butcher knife and threatened to kill him.

Billings says he fired the shot which went through Seton's head only after the white man had reached the room and advanced toward him.

Billings was placed under arrest and pleaded self-defense.

WILSON STUDIES
JAPANESE NOTE

PRAISES MAN HE SENTENCES

Judge at Fargo Would Trust All His Money With Embezzler.

Fargo, N. D., June 6.—Judge Yeumans sentenced E. S. French of Ellendale to five years in the federal penitentiary at Leavenworth, at the same time remarking that he would be willing to trust the convicted man with every cent of his property.

French was found guilty by the jury of embezzlement from the Farmers' National bank of Ellendale.

In passing sentence Judge Yeumans declared that he was inclined to suspend the penalty, except for the moral effect on others. He declared French was a man who should merit confidence and proffered his aid to obtain a pardon from the sentence he was then imposing.

REVENUE AGENT SLAIN.

Santa Barbara, Cal., June 6.—Joe Sun, a Korean employed by the government in running down opium smugglers, was stabbed and fatally wounded in the local Chinatown. He died at a hospital without being able to give the name of his assailant. Sun had supplied the information which resulted in the seizure of a large quantity of opium a year ago.

Says It Opens Way for Interesting Negotiations.

CONFERS WITH AMBASSADOR

President and Viscount Chinda Discuss Contents of Japanese Government's Note Regarding the California Anti-Allen Land Law—Wilson Also Goes Over Matter With Secretary Bryan.

Washington, June 6.—After reading Japan's latest note on the California anti-Allen land law and just before a conference with Ambassador Chinda, President Wilson expressed his view that the new communication opened the way for "very interesting and friendly negotiations."

The president had a brief conference with Secretary Bryan and an informal talk afterward with Viscount Chinda. He had explained earlier that he did not expect to make any official reply to the Japanese ambassador, but would discuss the Tokio note orally. The president let it be known that there was much matter for discussion in the Japanese note, but that none of the documents thus far exchanged by the two governments had in themselves suggested a solution of the land law difficulty.

He indicated that the negotiations would proceed slowly and carefully with a view to obtaining a frank expression of opinions by the two nations.

Sooner or later, it was indicated, the meaning of the federal laws on naturalization would have to be determined by the courts, though the initiative might have to be taken by Japanese residents as the government could not institute proceedings.

No suggestion for arbitrating the difficulties has thus been made, it was learned authoritatively, but White House officials reiterated their confident expectation of an amicable adjustment eventually.

CONVICT GETS \$10 FOR TALK

Prisoner's Address to Kangaroo Court Wins Praise for Mother.

Milwaukee, June 6.—Compassion of his fellow prisoners whom he addressed during a session of mock court trial at the county jail netted Richard P. Dickson \$10, which will be sent to his mother.

Dickson was about to leave for Wau-pun to serve an eighteen months' sentence for forgery.

"After I got out of Wau-pun I am going to do the right thing," he said. "Whatever you do, leave bad checks alone. I got about \$200 by it, but I am paying a stiff penalty."

"Boys, there is one hard thing to meet and that is the thought: What will become of my mother? The poor woman needs my support. Take a lesson from this and think of your mothers and sisters."

"Let's give him the money of the Kangaroo court to send to his mother," yelled Cady Ryman, judge of the court, who recently robbed a store of jewels. The suggestion met with popular accord.

ANGRY AT WIFE'S ABSENCE

Laborer Kills Three and Wounds Three Others.

Canton, O., June 6.—Enraged, he said, because he came home and found his wife missing, Robert Roach, twenty-nine years old, a laborer, went to the home of his wife's parents and shot and killed his mother-in-law, sister-in-law and sixteen-months-old baby and fatally wounded another sister-in-law. Later, when his arrest was attempted, he shot a member of the Canton police force in the leg and bit another man in the hand.

After the shooting Roach took refuge in an upstairs room and attempted to asphyxiate himself. He was captured and revived.

BURYING IN CEMENT.

Des Moines, June 6.—A coffin containing the body of Oliver H. Perkins, millionaire, who died recently, was placed in the heart of a block of cement ten feet deep by ten feet square in Woodland cemetery. The block will form a foundation for a monument, which will be erected in September.

MAY ALL BE SENT TO PRISON

Thirty-eight Strikers Guilty of Unlawful Assemblies.

Paterson, N. J., June 6.—Thirty eight silk workers, who as pickets gathered in front of a mill during strike disturbances on April 25, were convicted of unlawful assemblage by a county court jury.

The defendants, one of whom was a seventeen-year-old girl, each face a prison sentence of from one to three years or a fine of any amount up to \$500, or both imprisonment and fine.

Three other defendants were acquitted.

Dunn.—Adv. mwf

The Haag Shows
The sober, quiet, innocent looking camels are always objects of no little interest. With the herd in the mighty Haag shows, which are billed to appear in Brainerd, Friday June 13, are to be found some of the finest specimens ever exhibited in this or any other country, including the only living baby wild black camel known to man, its mother having died upon its birth. While a party of hunters were in the high and cold regions near the lake of Lobnar last December, in search of rare animals for the mighty Haag shows the men sighted a small number of wild camels and singling one from the number succeeded in capturing it. Never having seen the like before the collectors became fired with the desire to show them to the mighty Haag show patrons, but were not successful in showing the original of the capture, but a baby camel that bids fair to be as vicious as its mother. The beast is now giving its keepers no end of trouble and all kinds of difficulties are daily encountered. Scientists and all students of natural history will find this untamable quadruped an interesting study.

COMMISSION FORM GROWS IN FAVOR

Time is Revealing That the Commission Plan of Government is the Most Practical

LESSEXPENSIVETHAN OLD FORM

Experience is Proving that its Effects Decided Saving For the City Adopting it

When the commission form of government was first proposed there were many theoretical objections. Time has proven these objections to be not well founded. The following experiences of cities which have tried the plan is most convincing as to its practicability.

Kansas City, Kansas.—Commission plan in effect 1910. Population of city, 82,331. When the new regime commenced it was found that a deficit of \$40,000 in the annual expense was imminent. By energy in collecting licenses, dog taxes, taxes on street cars and telephone poles, \$16,000 more was collected in nine months than in the previous year.

San Diego, Cal.—Population 39,578. Commission plan in effect 1909. The number of streets cared for has increased fifty per cent, but the number of employees only ten per cent. Purchases are made through a central bureau and prices are obtained before orders are placed, the city obtaining cash discounts. A large sum has been saved to the city by these methods.

Topeka, Kansas.—Population 43,684. Commission plan in effect in 1910. Party politics have been completely divorced from the city administration. For the first time a local railway company has been compelled to make street repairs when relaying its tracks. The city formerly attended to this. The finance commissioner being unable to dispose of a large issue of bonds to brokers to his satisfaction, sold the entire issue to residents of the city by private correspondence, making the best sale which has ever been made in this city.

Coffeyville, Kansas.—Plan in effect April 7, 1911. Population, 12,687. In the first five months of operation the tax levy was reduced from 87 cents to 83 cents; the new levy including several new items. The mayor writes: "I served as mayor under the old system. There is no one in the city that would go back to it. In my opinion the new system is far ahead of the old."

Cherryvale, Kansas.—Plan in operation May 1, 1911. Population 4,304. A letter from the mayor says: "Our floating debt was \$49,000 and warrants were selling at 56c on the dollar, and the city running behind \$5,000 a year. After three months under the commission form our paper is at par; we have met all expenses and have a nice balance in our general fund. Our people

BUSH WINS FOR PHILADELPHIA

Philadelphia won its tenth consecutive game June 4 when it defeated the Detroit team by a 14 to 6 score. Twenty-nine men participated in the contest, the Athletics using 14 men and the Detroit 15. Both Dubuc and Wyckoff were pounded out of the box. After allowing 3 hits in 1 1-3 innings Wyckoff was taken from the box and Bush, who is now called Joe Bullet Bush, succeeded him. Bush allowed but 6 hits in 7 2-3 innings. He walked 3 men and struck out 4 in the pinches.

ple are well satisfied with our form of government."

CHAUFFEUR EXAMINATIONS

To be Held at St. Cloud June 24, Fergus Falls June 25 and Crookston June 26

In a circular letter to the Dispatch, Julius A. Schmah, secretary of state, conveys the information that there will be an examination for chauffeurs at the following places and dates:

St. Cloud, 1 p. m. Tuesday, June 24, Fergus Falls, 10 a. m., Wednesday, June 25, Crookston, 10 a. m., Thursday, June 26.

As far as possible these examinations will be held at the city halls. They will be under the direction of J. A. Maloney, chairman of the state board. The state department cannot issue a license until the board authorizes the same.

These will be the only examinations in the vicinity of Brainerd this year. All chauffeurs will govern themselves accordingly and also inform their driver friends.

Ware-Sandstrom

At the First Methodist Episcopal church yesterday at 2:30 Rev. Elbert E. Satterlee read the service which united in marriage Mr. Benjamin H. Ware of Walker, and Miss Ida Sandstrom of Pine River. The bride is one of Pine River's most popular young women and the groom is in business in his home city. Miss Ware of this city is a sister of the groom and was present yesterday at the wedding. The happy couple will make their home in Walker. The Dispatch joins their many friends in wishing them much happiness and prosperity.

For spring fever take Hindipo Tablets. Boxes 50c at Johnson's pharmacy.—Adv't.

REST ROOM ESTABLISHED

George H. Gardner to Devote Pleasant Room in Gardner Block for Convenience of

FARMERS' WIVES SATURDAYS

Also Open on Special Occasions—Chairs, Table, Papers, Magazines, Toilet, Etc.

George H. Gardner, secretary of the Boosters club, has established in the Gardner block a great convenience for farmers' wives who shop in Brainerd, a rest room which will be open on Saturdays and on special occasions as circus days, etc.

The room will be provided with chairs, tables, toilet, etc. There will be books, magazines, papers, etc. for those who may wish to read. It will be a rest and comfort station, something that is absolutely needed in Brainerd and something which has never been supplied in such generous space and room as by Mr. Gardner. It will be situated at 512 Laurel street, easy of access.

At the old market place improvements will be made by Mr. Gardner that will be appreciated by all farmers. The city will put in a watering trough, something greatly needed as the only public place to water a team is at the Y. M. C. A. fountain and the water runs slowly there and cannot accommodate many horses.

UNIVERSITY WEEK OPENS MONDAY

First Day, June 9, to be Devoted to Dramatics, a Comprehensive Program

WILL LECTURE ON GREEK PLAY

Greek Theatre in Afternoon—University Dramatic Club in the Evening

University Week program opens on Monday afternoon with a lecture by Dr. Chas. Savage of the University of Minnesota, on "Greek Plays and Greek Theatre." He will be followed by either Maurice Flagg, director of the State Art society, on "Arts and Crafts," or Margaret J. Blair of the state agricultural college, on the "Model Farm House." A reading hour will then be given by Dr. Anna Hemholtz Phelan in "A Social Message."

Monday night at the opera house the University Dramatic club will present Sydney Grundy's three act comedy, "A Pair of Spectacles." This entertaining comedy will probably be a more popular offering to many of their audience than last year's Shakespearean performance. The play was given last week in Minneapolis and was highly praised by the Journal. The finished production of the "Merchant of Venice" which the Dramatic club gave here last year is assurance that their work will be well up to the level of a first class professional company rather than a cast of amateurs. The press notices from the towns on the southern Minnesota circuit where it is being given this week indicate that it is being received with great enthusiasm.

The leading parts are taken by Robert Wilson who made such a favorable impression here as Shylock, and by Miss Enza Zellar, who will be remembered as the charming Portia of last year's production.

Mr. Wilson's work is remarkably fine for an amateur—in fact he has received several offers to take up professional dramatic work but so far has adhered to his chosen calling of forestry, in which he is taking post graduate work this year.

The indications point to a crowded house. The single admission has been placed at fifty cents for all seats in the house, reservations to be made in accordance with announcement elsewhere. At this price every seat in the house should be sold and the week opened with a rousing reception to the Dramatic club.

\$50 Reward

Fifty dollars (\$50) reward will be paid for information leading to the arrest and conviction of any person shooting inspectors on our high tension pole line in the vicinity of Brainerd.

Cuyuna Range Power Company. Adv't.—30513

ADDITIONAL NAMES

List of Old Soldiers Buried Did Not Mention C. B. Sleeper, Says a Correspondent

The list of old soldiers who have passed away is necessarily incomplete as all records were destroyed when the hall of the soldiers was burned. They have published at various times notices to the public to supply, if possible, information and will gladly receive it. Graves are to be given markers in the cemetery and in many cases there is no record whatever of company or regiment and in some cases even names of the deceased have been lost.

The Dispatch recently printed a list and to these names of warriors passed away should be added C. B. Sleeper, as mentioned in a letter received from John L. Smith, of Minneapolis. Another name omitted was Thomas H. Britton. All additional names received will be promptly published.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held June 2nd, 1913

Board met at the court house at 10 o'clock a. m. with all members present. Minutes of the last meeting read and approved.

Martin Halverson of the town board of Pelican appeared and asked for some help on road on north side of section 10 in that town and upon motion \$50.00 was granted.

E. L. Trask requested the board to sign an abatement on the taxes on lot 3, section 30, township 47, range 28 and the holding company also asked for a reduction on seven forties in section 31 adjoining. All these properties are in the village of Cuyuna and the board felt that to make such a sweeping reduction would make too great a change in the taxes received and therefore no action was taken. The board also refused to give any relief to Dr. A. F. Groves who asked for a reduction on the E½ NE¼ section 10, township 45, range 29. Attorney Long appeared on behalf of Julius Reuter who paid a personal property tax of \$6.00 on moneys and credits erroneously assessed, but no action was taken.

Attorney W. F. Wieland presented a petition on behalf of the residents of Barrows for the incorporation of that village to comprise the following territory: All of sections 10-15 and 16 and fractional section 3, 4 and 9 certain portion of which territory is now platted as the townsite of Barrows. Supt. Archibald of the Virginia Ore Mining company offered some objection and a motion was made and duly carried to refer the petition to the county attorney as to the legality of the proceedings to report at the next meeting of the board.

F. V. Berglund of the town board of Deerwood reported a case of tuberculosis in his town and desired to know what the duties of the board might be in the matter. The question was referred to the health committee.

Louis Knudson presented plat of "Iron Mountain" in the SW¼ of SW¼, section 33, township 47, range 29 and upon motion same was duly approved and ordered placed on file.

Joseph Leitner reported that several culverts in township 135, range 27 were broken down. The auditor was directed to notify the road overseer to come and get the corrugated iron culverts which the board had provided for these places.

Board adjourned until 2 o'clock p. m. All members present.

The following appropriations were made to help build roads and bridges: \$200 to Klondike for the road leading west from Ironton to Riverton; \$100 to Timothy for general road repairs; \$100 to Nokay Lake to be used on N. & S. center line of section 5 and 8; \$100 to Bay Lake for N. & S. road through sections 9 and 16; \$50 to Sibley to be used between sections 26 and 27; \$50 to Ideal to be used between sections 21 and 28; \$100 to Long Lake of which \$50 shall be used on section 35 and \$50 between sections 21 and 16.

Attorney Russell appeared for Paul Markee in ditch matters and requested the board to call on the county attorney for a report on this question which had been submitted to him at a previous meeting.

F. A. Glass urged the board to start the work of establishing section corners and placing permanent monuments. Motion carried instructing the auditor to send a letter to various town boards asking for their help in the matter.

Petition for new school district in St. Mathias comprising land now in district No. 6, 16 and 21 including the following sections: SW¼ 10, W¼ of section 14-23-26 and 35, E½ and SW¼ section 17, and all of sections 15 and 16-19-20-21-22-27-28-29-30-31-32-33-34 came up for final hearing. A remonstrance against the petition was read also a letter from Thomas Brisbane asking that the hearing be adjourned until he could be present. Henry Longevin and others spoke in favor of the petition. A motion was made and duly carried to grant the petition and establish the new district to be known as District No. 16 and the auditor was instructed to issue the proper notices for the first meeting of the new district on Saturday, June 21st at 8 o'clock p. m. at the school house in old district No. 21.

Letter from Dr. Beach from the state sanatorium was read asking that Ray Davis be kept there for a longer period and the board agreed to pay his way another month, and furnish \$10.00 worth of clothing.

Bond of Leon W. Thomas, treasurer of Cuyuna village in the sum of \$4,000 was presented to cover the county appropriation of \$2,000 for bridge at Rabbit lake narrows. It was moved and carried that the money be not paid out until the bridge was completed.

A committee from the Commercial club Carl Zappfe, Dr. J. L. Camp and F. H. Gruenhausen urged the board to comply with the provisions of Chap. 376 of the laws of 1913 by which the state will furnish \$1000 for a teacher of agricultural in this county if the county will furnish a like amount. A resolution was duly passed guaranteeing the sum of \$1000 from the revenue fund for two successive years.

The Deerwood town board called attention to the fact that the town voted no license last spring and asked what should be done in reply published.

GENEROUS OFFER MADE

Duluth Dentists Will Examine the Teeth of Duluth School Children Free

IS PLAN OF DR. L. J. SYKORA

Former Brainerd Man, Now President of Duluth District Dental Society, Favors it

Duluth dentists propose to co-operate with the board of education and have offered to examine free of charge the teeth of all the school children in Duluth. This is a project which might well be followed in Brainerd, and the carrying out of the plan, as proposed by Dr. L. J. Sykora, a prominent dentist of Duluth, is especially interesting to the Brainerd people because Dr. Sykora is a former Brainerd boy who has been very successful in his chosen career as dentist.

The Duluth Herald says the project was brought up at the annual meeting and banquet of the Duluth District Dental society, a branch of the Minnesota State Dental society, held at the Holland hotel. About thirty members of the local organization were present at the meeting.

Dr. L. J. Sykora, president of the Duluth society, presided at the meeting and delivered the principal address of the evening, in which he urged the co-operation of the dentists with the board of education. He discussed at length the need of dental inspection in schools and cited similar clinics throughout the country as examples of the success of the movement.

After the meeting was discussed by those present, a committee consisting of Drs. C. W. Benson, Edward Mentzer and E. W. Boerner was appointed to take the project up with the board of education. It is planned to take the matter up at once and to arrange for these examinations at the opening of the school next fall.

Dr. Sykora proposes to establish districts throughout the city and to have a staff of dentists appointed for each district. An index card system will be established and each child in the local schools given a special report.

During the evening Dr. Sykora announced that the annual convention of the Minnesota State Dental society will be held June 13 and 14 at St. Paul.

MANAGANESE ACTIVE MINING AND BUILDING

The Soo Line Has Let a Contract for a Line Into the Town and to Mining Properties

P. HAMMEL'S BIG STRIKE

R. C. Klinkenberg to Start a Bank—Marcus Grande to Build Five Cottages

Manganese, Minn., June 6.—The townsite of Manganese has now started in earnest.

The Soo Line railroad has let the contract for a line into the town, then to the shaft of the Iron Mountain Mining company mine and several other mining properties. The Soo has also purchased a site for a depot at Manganese.

The Iron Mountain Mining company at Manganese is pushing the work on its large three-compartment shaft so as to be ready to ship ore when the road gets into their property.

To the southwest of Manganese is the Brainerd-Duluth Iron company, which has several drills at work and which will soon start work on its shaft.

Several more iron properties will be opened up by shafts when the road gets in. They are holding off because they can get their freight hauled over the railway at quite a little saving over team work.

Drills are at work all around the town of Manganese.

The boarding house is doing a good business and all rooms are filled. Mr. Gugdahl is completing a residence on lot 15 in block 9 facing First avenue south.

Marcus Grande will move back to Manganese this week. He has received a contract to build five cottages which are to be erected in blocks 13 and 14, facing on First avenue west.

R. C. Klinkenberg has put in an application for a bank at Manganese. Postmaster Travis, who has been laid up some time with rheumatism, is now getting better.

A very large ore body has been struck in the northwest quarter of section 27, township 47, range 29, a short distance from Manganese. The ore runs better than 60 per cent, it is claimed. Patrick Hammel and associates are interested in this find.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

P. J. CHENEY & Co., Toledo, O. We, the undersigned, have known P. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses are Taken

Sleep disturbing bladder weakness, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Hindipo, relieves all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly.

It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Hindipo is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.

LOSEY and DEAN

NORTH LONG LAKE

Mrs. Axel Anderson and son Arnold of Little Falls, are visiting at Gust Julines this week.

The L. S. club met with Mrs. P. O. Peterson Wednesday.

School closed in Dist. No. 3 with a picnic on Long lake last Thursday. Mrs. W. L. Taylor and children of Deerwood, have been visiting Mrs. Taylor's parents the past week.

Commencement exercises were held in Dist. No. 3 last Saturday evening and there were nine pupils that received diplomas from the eighth grade. They were Sadie Lindskog, Elizabeth Peterson, Pearl Thomas Mary Hughes, Alexander Thompson and Lloyd Taylor from Dist. No. 3, Victoria LaFlamme from the Bouck district and Margaret Keough and Sigrid Stendahl from Dist. No. 4. Senator Johnson addressed the class after which Mrs. Hartley presented them with their diplomas. Mrs. Deal sang several selections which every one enjoyed. The school house was well filled and everybody thought Senator Johnson's speech was fine.

There will be a basket social in the school house in Dist. No. 3 next Monday evening, given by the Little Branches class of the Sunday school. Everybody come.

Mr. and Mrs. Hughes spent Sunday afternoon at Caughey's in Daggett Brook.

Mr. and Mrs. H. Graham spent Sunday at Gull lake with Mr. and Mrs. Bressler, Sr.

Mr. and Mrs. P. J. Albertson celebrated their silver wedding last Friday.

COUNTRY COUSIN.

In the end you will come to Hindipo Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv.

COMMISSIONERS PROCEEDINGS

(Continued from page three)

gard to saloon now running within the town. The question was referred to the county attorney.

Petition for new road in Bay Lake town on the line between section 28 and 29 and following the lake shore in a northerly direction to the section line between 20 and 21, thence north to the corner of sections 16-17-20 and 21 was read before the board. It was argued that this was the business of the town board of Bay Lake but a motion finally prevailed to order a hearing on the petition on Monday, July 14th, at 2 o'clock p. m. Mr. Oberg, Mr. Kreeh and Mr. Poppenberg were appointed a committee to view the proposed route on Saturday, June 28th, at 2 o'clock p. m.

Elizabeth Hayes, the owner of lands along the town line road on the south side of Smiley notified the board that this line had not been properly established and on motion Engineer L. E. Garrison was directed to make the survey as soon as possible.

A resolution was duly passed asking the highway commission to proceed with the survey of Elwell road No. 11 from Brainerd to Deerwood and thence to the county line.

Commissioner Tuohet was authorized to procure laborers for cleaning out ditch No. 6 and No. 14.

Letter was read from T. H. Lauer, town clerk of Fairfield, calling attention to the fact that a bridge was needed at the crossing of the Little Pine river in section 7, township 136, range 26. On motion this matter was referred to the town board of Perry Lake.

Plat of "Ironton Park" in section 14, township 46, range 79 was presented and on motion duly approved.

A letter was read from Supt. A. C. Rogers asking that Alice Spencer an inmate of the school at Fairbault, be maintained there. The county attorney was requested to start proceedings against her relatives here to compel her support.

Charles Cunningham complained that a two foot culvert had been placed in Ditch No. 3 on town line road between Oak Lawn and Nokay Lake which was not large enough to carry off the water. The complaint was referred to the town board of Nokay Lake.

A proposal was received from C. D. Peacock for a mining lease on the poor farm property in section 33, township 45, range 30, he offered a royalty of 20 cents per ton with a minimum of 5000 tons the first year 10,000 tons the second year and 20,000 tons thereafter. A resolution was duly passed instructing the auditor to advertise for bids on such a lease.

On motion road engineer, L. E. Garrison, was directed to draw plans and specifications for the grading of state highway No. 5 from Deerwood to Bay Lake.

A letter from Freeman Thorp of Hubert, was read in regard to his experiment farm at that place representing that various parties were ready to help in the work if they could be assured of his responsibility and the benefits to agriculture resulting from experiments. A motion was made and duly carried that this board accede to Mr. Thorp's request and act as depository for any funds that may be sent.

County Auditor.

ESDON ETCHINGS

Mr. M. Sieps has purchased the Besonson farm. He is going to make some needed improvements and move his family here this fall. He has also bought out L. C. Hammett's interest in the growing crops.

What shall we say of the Booster market day Brainerd advertised so extensively held last Saturday. Everyone we have heard speak of it were disgusted that they took time to go. Nothing doing as far as we could discover. Yes, the Brainerd band decorated themselves with red handkerchiefs and big mustaches and paraded the streets. If there was a wedding it wasn't performed at the hour set. There were a few animals auctioned off, but by the local auctioneer. Incidentally we heard the one imported was at the hotel, unable to perform for some reason. If the display was intended to draw trade it was in a way successful. P. T. Barnum once said that the American people liked to be humbugged. It looks as if that was the idea some had formed of the people in and around Brainerd. It would surprise the instigators of the Booster market day if the people failed to run at the cry of wolf! wolf! like the old fable, after a time.

Fred Bock is traveling around on a new motorcycle these days.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by your druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.—Adv.
